

Cox Industries, Inc. Commitment to FSC Practices and Procedures

Cox Industries recognizes the benefits and the need for forestry certifications. In recognition of this we have partnered with FSC to offer products from well-managed forests and backed by a rigorous, third-party certification audit. We are committed to the standards and practices as set forth by the FSC. We have developed the process and procedures that are in line with those required by the Forestry Stewardship Council.

Respectfully,
Cox Industries, Inc.
